BUILT TO HANDLE
AUSTRALIA'S CLIMATE

COLORBOND® STEEL FENCING

*Durable. Secure.
Designed for Queensland living.*

Manufactured from genuine Australian BlueScope COLORBOND® steel, Colorbond fencing provides a modern, low-maintenance fencing solution designed to withstand Queensland's harsh climate. It won't rot, warp or be affected by termites, making it an excellent long-term investment for residential properties.

BUILT TO LAST

Engineered from genuine Australian BlueScope steel.

LOW MAINTENANCE

No painting, staining or ongoing timber treatment required.

PRIVACY & SECURITY

Strong, durable panels with no visible footholds for added privacy.

BUILT FOR

Queensland Conditions

Queensland's hot sun, humidity and heavy rainfall demand fencing that performs year after year. COLORBOND® steel is designed specifically for Australian conditions and retains its appearance with minimal maintenance.

QLD LAWS & REGULATIONS

In Queensland, boundary fences are generally constructed on the property boundary between neighbouring lots. Local council approval is not usually required for a standard residential fence; however, additional approvals may apply depending on the height, retaining requirements or estate covenants.

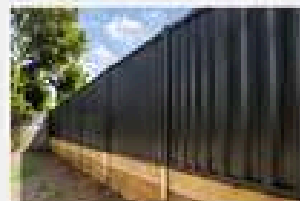

Our team can guide you through any specific requirements before installation.

WHAT WE OFFER

- ✓ Genuine Australian BlueScope COLORBOND® Steel
- ✓ Multiple colours available
- ✓ Custom heights and gate options
- ✓ Fully compliant installation
- ✓ Removal of existing fencing available
- ✓ Clean site on completion
- ✓ Backed by our workmanship warranty.*

*Conditions apply. See Terms & Conditions.

SAWTOOTH & TRIMLINE

COLORBOND® SHEET PROFILES

ALL JACKS
— FENCING & TRADES —

Made from high quality galvanised steel with a tough powder-coated finish for long-lasting performance.

Built for Australian conditions, designed to withstand heat, rain, UV and coastal environments.

SAWTOOTH

BOLD & MODERN

Sharp, angular profile for a contemporary, architectural look.

UNIQUE ZIGZAG DESIGN

Unique zigzag design with an identical appearance on both sides – it is commonly used for “Good Neighbour” fencing because the attractive pattern is the same on both sides.

PRIVACY & STRENGTH

The deep ribs provide excellent privacy and strength.

TRIMLINE

LIGHTWEIGHT & STRONG

Trimline Profile Sheet features a lightweight, strong trapezoidal profile.

CLASSIC & VERSATILE

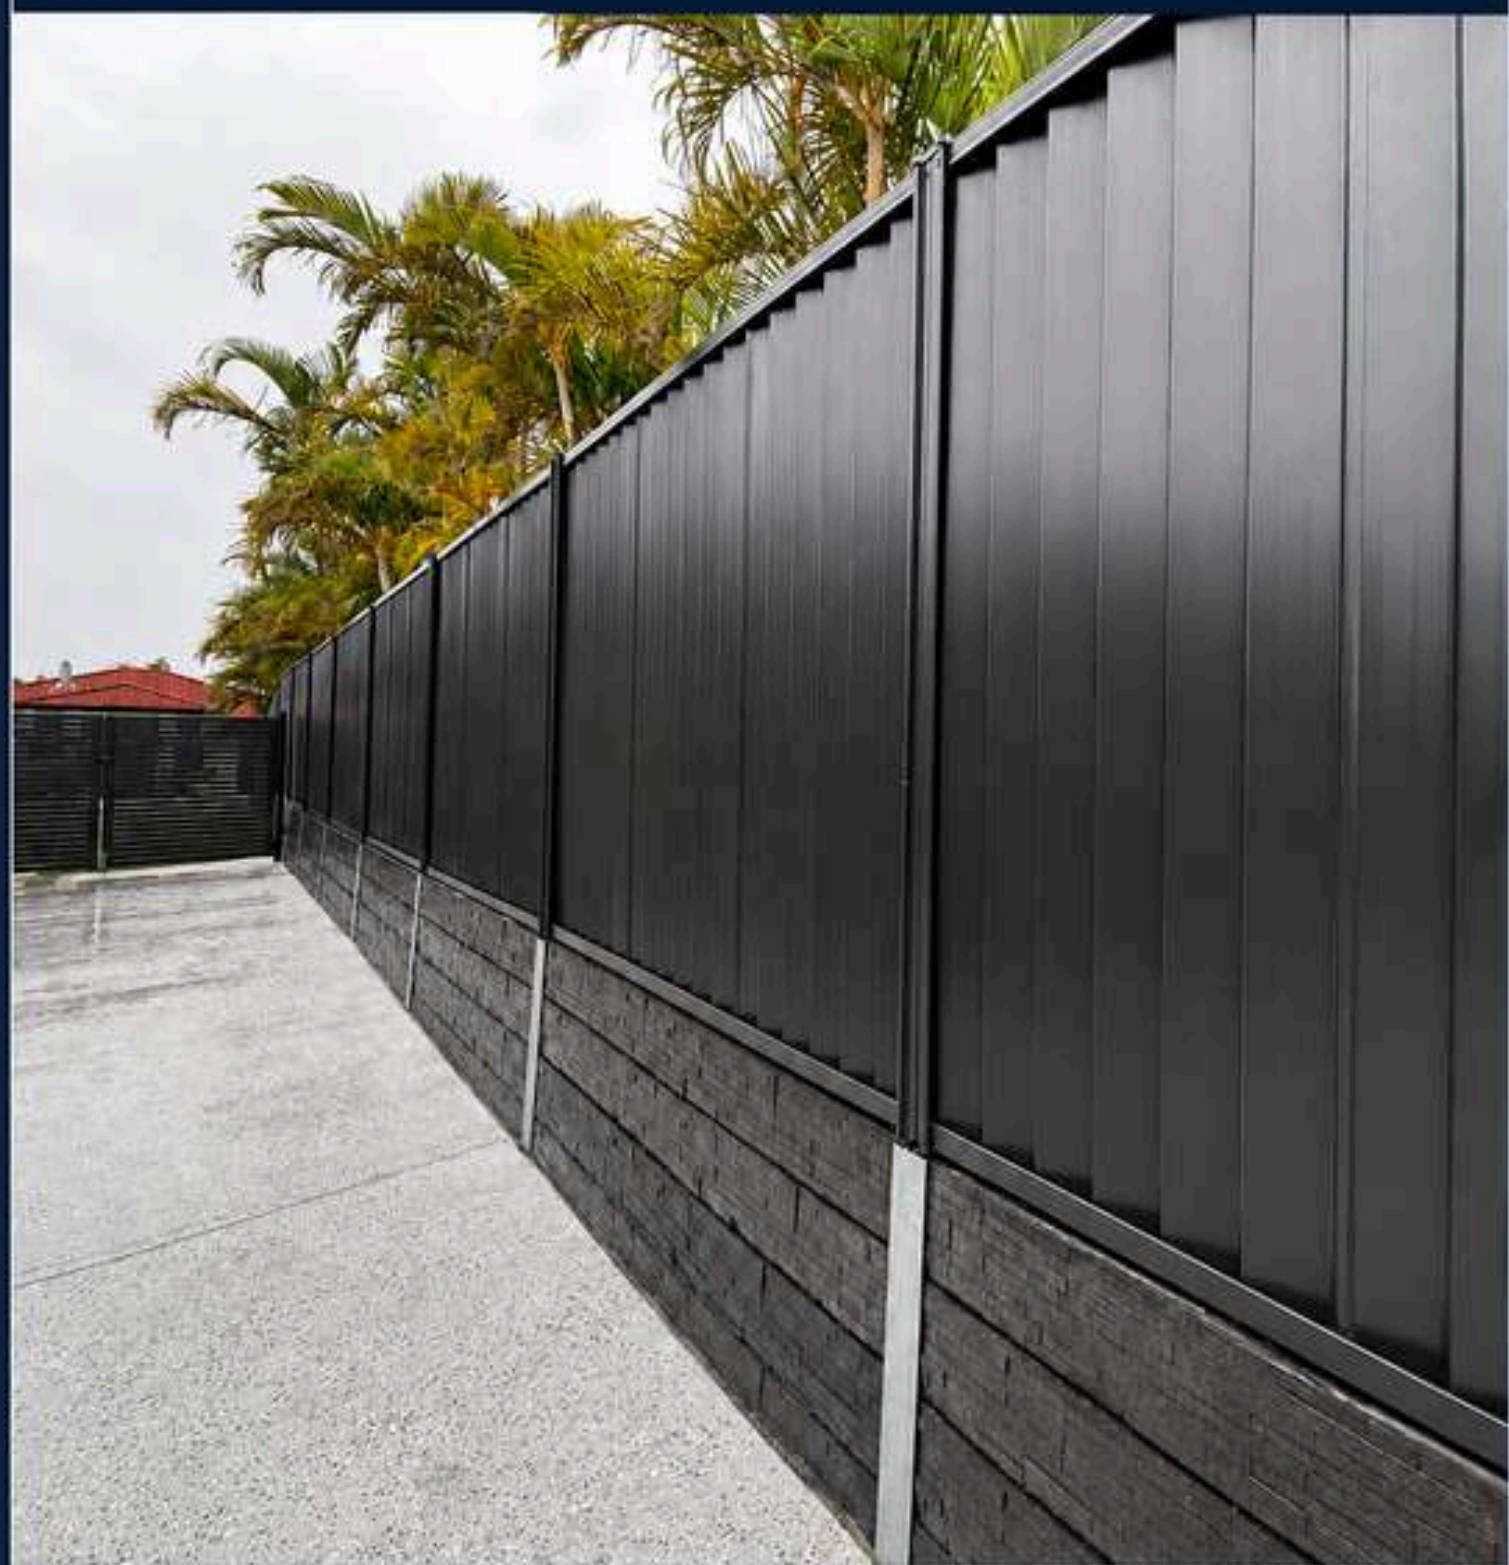

The evenly spaced ribs create a timeless and traditionally chosen look.

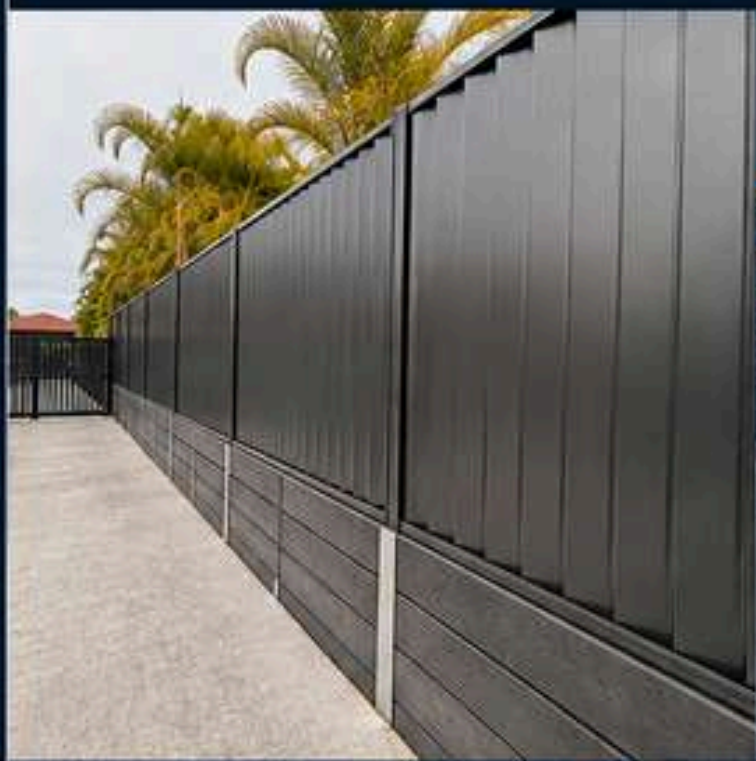

CLEAN FINISH

Trimline Profile Sheet features clean, parallel ribs with a soft, subtle design.

AUSTRALIAN BLUESCOPE COLORBOND® STEEL FENCING

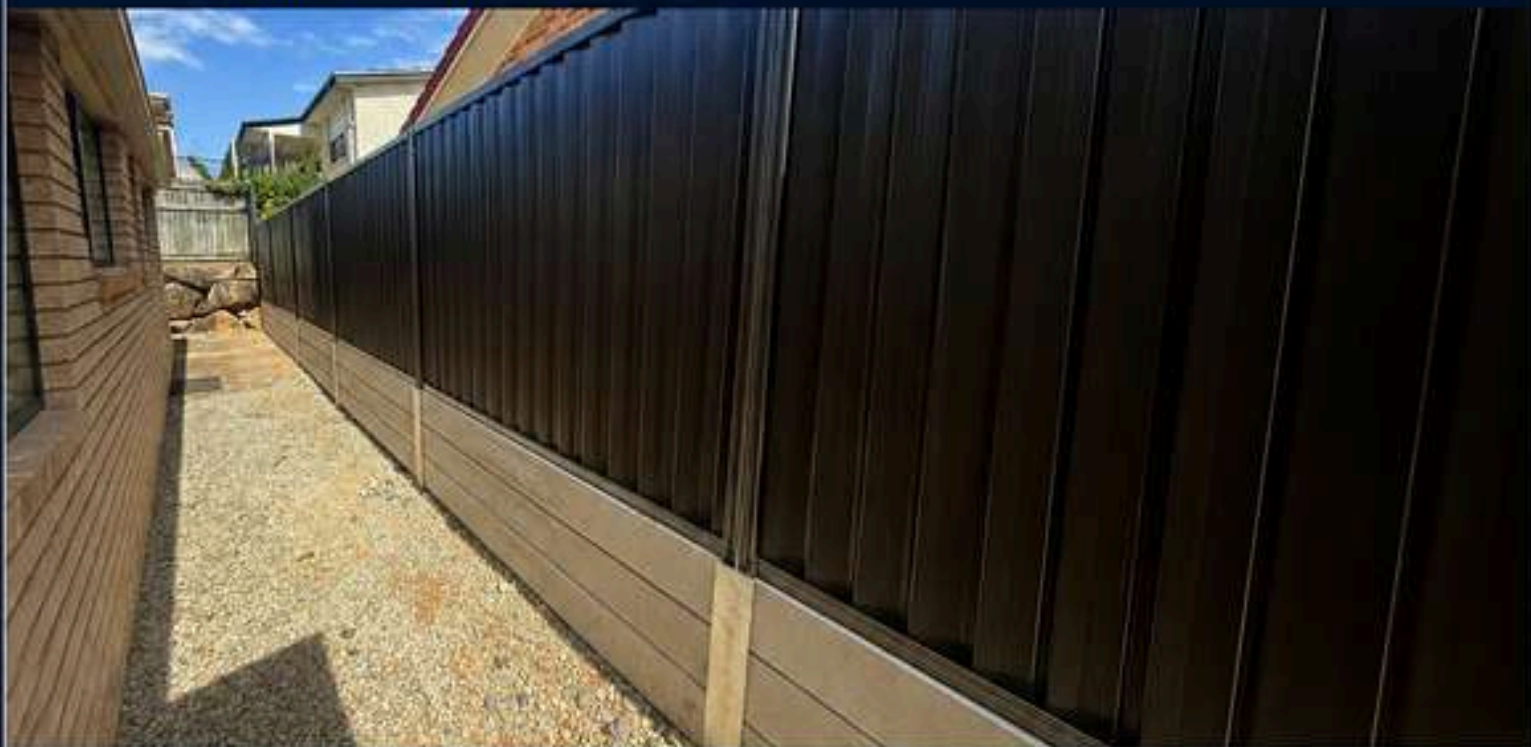

AUSTRALIAN BLUESCOPE COLORBOND® STEEL FENCING

COLORBOND FENCING WITH CONCRETE SLEEPERS

STRONG FOUNDATION. SUPERIOR FINISH.

A smart combination of strength, style and low maintenance. Colorbond fencing with concrete sleepers delivers exceptional durability, privacy and a clean, modern look that suits any property.

- ✓ **BUILT STRONG**
Concrete sleepers provide a solid, stable base that won't rot, warp or termite.
- ✓ **LOW MAINTENANCE**
Colorbond steel is designed for long-lasting performance with minimal upkeep.
- ✓ **PRIVACY & SECURITY**
The perfect solution for creating private, secure boundaries.
- ✓ **PERFECT FOR QLD**
Engineered to handle Queensland's harsh weather conditions with ease.

DURABLE & RELIABLE

Concrete sleepers add extra strength and help prevent fence movement and leaning over time.

WEATHER RESISTANT

Colorbond won't rust, rot or fade – built to withstand Qld sun, storms and coastal conditions.

ENHANCED PRIVACY

Full height panels with a solid concrete base keep your property secure and hard to see through.

MODERN APPEAL

A sleek, clean finish that complements both modern and traditional homes.

STRONGER BASE. BETTER FENCE. BUILT TO LAST.

COLORBOND FENCING WITH TIMBER SLEEPERS

NATURAL LOOK. BUILT STRONG.

Combining the sleek, modern finish of Colorbond with the warm, natural appeal of timber sleepers. This fencing option is durable, stylish and perfect for any outdoor space.

NATURAL & STYLISH

Timber sleepers add warmth and blend seamlessly with any landscape.

STRONG & DURABLE

Built to withstand the elements and everyday wear.

COST EFFECTIVE

Timber sleepers offer a great balance of strength and value.

PRIVACY & SECURITY

Full height Colorbond panels provide excellent privacy and peace of mind.

BUILT TO LAST

Quality Colorbond steel resists rust, rot and fading for long-term performance.

TIMBER STRENGTH

Treated timber sleepers provide a solid foundation that won't warp or crack.

WEATHER RESISTANT

Designed to handle Queensland's sun, rain and everything in between.

ENHANCES YOUR SPACE

A smart, attractive solution that adds value and street appeal.

STRONGER TOGETHER. STEEL ABOVE, STRENGTH BELOW.

COLORBOND FENCING WITH TIMBER SLEEPERS

TIMBER FENCING

Timber fencing is a timeless and versatile choice for any property. Built from high-quality, treated pine, it delivers natural beauty, privacy and durability. Ideal for all styles of homes and landscapes.

BRISBANE

TIMBER FENCING WITH HARDWOOD POSTS

STRONG. RELIABLE. BUILT FOR QUEENSLAND.

DESIGNED FOR QUEENSLAND CONDITIONS

Hardwood posts provide exceptional strength and durability in our harsh climate.

Naturally resistant to termites, rot and decay, they are the perfect long-term solution for a secure, stable fence.

BUILT TO LAST

Hardwood posts are highly durable and ideal for the extreme Queensland climate.

TERMITE RESISTANT

Naturally resistant to termites and decay for long-term peace of mind.

STRONG & STABLE

Provides superior support for your fence, keeping it straight and secure.

QLD FENCING COMPLIANT

Installed to meet Queensland regulations for height, boundaries and pool fencing.*

STANDARD HEIGHTS

Typical boundary fence height in QLD is 1.8m. Check local council requirements.

BOUNDARY FENCES

Usually require approval from both neighbours. Always check before installation.

POOL SAFETY

Pool fences must comply with QLD Pool Safety Standards (min. height 1.2m, non-climbable).

BUILT FOR OUR CLIMATE

Pressure treated timber piling with hardwood posts for lasting performance.

EXPERTLY BUILT. COMPLIANT. BUILT TO LAST.

*Always check with your local council for specific requirements.

TIMBER FENCING WITH HARDWOOD POSTS

STRONG. STABLE. BUILT TO LAST.

TIMBER FENCING WITH TIMBER SLEEPERS

Classic Australian style with added protection and longevity.

A treated pine paling fence with an H4 treated pine sleeper at the base is one of Brisbane's most popular fencing options. The timber sleeper helps protect the palings from constant ground contact, extends the life of the fence and provides a clean, durable finish while helping retain soil, mulch and garden beds.

WHY CHOOSE TIMBER SLEEPERS?

- Helps protect palings from moisture and rot
- Extends the lifespan of your fence
- Ideal for blocks with slight level differences
- Helps retain soil, mulch and garden edging
- Natural timber appearance that suits most homes

QLD STANDARDS & INFORMATION

In Queensland, boundary fences should generally be constructed on the legal boundary between neighbouring properties. Any retaining exceeding 1 metre, or supporting additional loads (known as a surcharge), may require engineering or council approval.

H4 treated pine sleepers are designed for in-ground contact, making them suitable for long-term durability in Brisbane's climate.

WHAT WE OFFER

- Premium H4 treated pine sleepers
- Treated pine palings and rails
- Galvanised fixings for durability
- Professional installation
- Built to Australian Standards
- Clean, tidy workmanship
- Free measure and quote

TIMBER FENCING WITH TIMBER SLEEPERS

STANDARD BUTTED TREATED PINE FENCING
WITH H4 TREATED PINE SLEEPERS

STRONG & DURABLE

H4 treated pine sleepers provide exceptional strength and structural support for your fence.

BUILT TO LAST

H4 treatment protects against rot, decay, termites and harsh Australian conditions.

ADDED PRIVACY & SECURITY

The solid sleeper base helps eliminate gaps under the fence for greater privacy and security.

PREMIUM FINISH

A clean, modern look that enhances the appearance and value of your property.

AUSTRALIAN MADE MATERIALS

Quality Australian timber, treated to Australian Standards for long-lasting performance.

PLEASE NOTE: Timber is a natural product and may expand, contract or change colour over time. Regular maintenance is recommended to preserve its appearance.

DECORATIVE CONCRETE SLEEPERS

THE PERFECT FINISH FOR A STRONGER, SMARTER FENCE

Our decorative concrete sleepers provide a clean, modern look while adding strength, stability and long-lasting protection to your fence.

ENHANCED STRENGTH

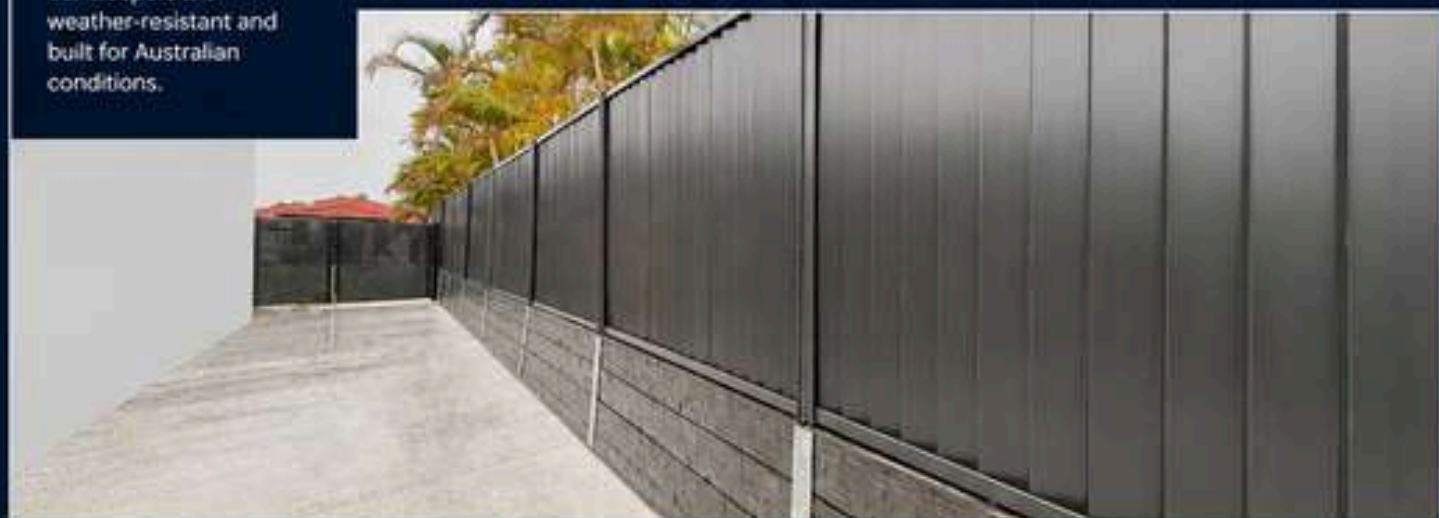

Concrete sleepers create a solid base that helps prevent fence sagging, warping and ground contact damage.

MODERN APPEAL

The realistic timber texture delivers a stylish, high-end finish that complements any fencing style.

BUILT TO LAST

Made from durable reinforced concrete, our sleepers are weather-resistant and built for Australian conditions.

STRONG & STABLE

Adds structural support and helps extend the life of your fence.

WEATHER RESISTANT

Resistant to rot, rust, termites and harsh Australian weather.

LOW MAINTENANCE

No painting or treatment required – simply build and enjoy.

STYLISH FINISH

Timber-look texture creates a premium, contemporary finish.

AUSTRALIAN MADE

Designed and made for Australian homes and conditions.

PLEASE NOTE: Colour shown may vary from actual product.

We recommend viewing a physical sample before making your final selection.

PVC FENCING

LOW MAINTENANCE. LONG LASTING. BEAUTIFULLY BUILT.

DURABLE & STRONG

PVC fencing is built to withstand the elements, resisting rust, rot, warping and fading.

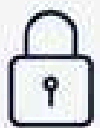

LOW MAINTENANCE

No painting, staining or sealing required. A simple wash is all it takes to keep it looking brand new.

WEATHER RESISTANT

Designed to handle Queensland's sun, rain and humidity with ease – all year round.

PRIVACY & STYLE

Offers full privacy with a clean, modern look that enhances any property.

 **SMART CHOICE. STRONG FENCE. BUILT TO LAST.**

PVC FENCING

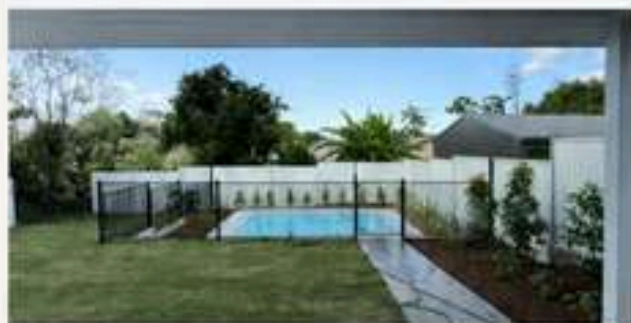

ALUMINIUM POOL FENCING

A durable, low-maintenance aluminium pool fence designed to meet Australian pool safety requirements. Powder-coated for long-term corrosion resistance, aluminium pool fencing provides a **secure barrier** while maintaining **clear visibility** and a **modern appearance**.

BUILT FOR SAFETY. DESIGNED FOR LIFE.

Our aluminium pool fencing is built to Australian Standards and provides the perfect blend of safety, strength and style for your outdoor space.

- ✓ **POWDER-COATED BLACK ALUMINIUM**
Corrosion resistant finish for long-lasting performance in all conditions.

- ✓ **VERTICAL PICKETS**
Open design maintains visibility into the pool area.

- ✓ **SQUARE ALUMINIUM POSTS**
Strong, durable posts for maximum stability and a clean, modern look.

- ✓ **SELF-CLOSING, SELF-LATCHING GATE**
Meets Australian safety regulations for compliant pool barriers.

- ✓ **OPEN DESIGN**
Maintains a clear view, enhancing safety and peace of mind.

SAFE BY DESIGN. STRONG BY NATURE.

ALUMINIUM BATTEN GATES & SCREENING

Contemporary style. Built to last. Aluminium battens combine the natural look of timber with the strength and durability of aluminium. Perfect for gates, fencing and screening that enhance **privacy, security** and **street appeal**.

PREMIUM LOOK. ZERO COMPROMISE.

Our aluminium batten gates and screens deliver a high-end finish with outstanding durability. Engineered for strength, powder-coated for protection and designed to suit any style of home.

BUILT TO LAST

Made from high-quality aluminium and powder-coated for superior corrosion resistance and long-term performance.

PRIVATE YET OPEN

Vertical batten design offers privacy and security while maintaining airflow and visibility.

LOW MAINTENANCE

No warping, rotting or painting. Easy to clean and built to handle Queensland's harsh conditions.

PREMIUM APPEARANCE

A modern, architectural look that adds value and elevates the style of your property.

PERFECT FOR EVERY SPACE

✓ Sliding driveway gates

✓ Pedestrian gates

✓ Front fencing

✓ Privacy screens

✓ Bin enclosures

✓ Air-conditioner screens

✓ Courtyard screens

STRONG ALUMINIUM. TIMELESS STYLE. DESIGNED FOR LIVING.

ALUMINIUM SLAT GATES

Modern design. Maximum privacy. Built to last.

Our aluminium slat gates combine contemporary style with outstanding strength and durability. Powder-coated for long-term corrosion resistance, they provide **privacy**, **security** and a **premium finish** to any property.

STYLE MEETS STRENGTH.

Sleek, strong and low maintenance, aluminium slat gates are the perfect choice for homeowners who want privacy and security without compromising on style.

✓ **PREMIUM ALUMINIUM**
High-quality aluminium construction with a durable powder-coated finish for superior corrosion resistance.

✓ **PRIVACY & SECURITY**
Horizontal slats provide excellent privacy while maintaining airflow and visibility control.

✓ **HEAVY-DUTY HARDWARE**
Industrial-grade hinges and latch for smooth operation and long-term performance.

✓ **LOCKABLE & SECURE**
Centre latch with lockable option for added security and peace of mind.

✓ **LOW MAINTENANCE**
No warping, rotting or painting. Easy to clean and built to handle Queensland's harsh conditions.

PERFECT FOR EVERY SPACE

- ✓ Driveway gates
- ✓ Side access gates
- ✓ Front entrance gates
- ✓ Courtyard gates
- ✓ Pool equipment enclosures
- ✓ Privacy screens
- ✓ Bin enclosures
- ✓ Air-conditioner screens

PREMIUM QUALITY. TIMELESS STYLE. BUILT FOR LIFE.

STRONG. STABLE. BUILT TO LAST.

CONCRETE RETAINING WALLS

*Strength and stability for
Queensland homes.*

Concrete retaining walls are a durable, low-maintenance solution designed to hold soil in place, prevent erosion and create usable areas on sloped blocks.

QLD LAWS & REGULATIONS

In Queensland, retaining walls over 1 metre high or supporting a surcharge may require council approval.

All retaining walls must comply with the National Construction Code (NCC) and relevant Australian Standards.

We can advise and guide you through the requirements.

WHAT WE OFFER

- ✓ Custom designed solutions for your block
- ✓ High-quality concrete and steel posts
- ✓ Compliant and built to Australian Standards
- ✓ Professional installation by experienced fencers
- ✓ Clean, tidy and on-time every time
